

PART NUMBER: PCX/HXJB-1

DESCRIPTION: Power Connection Kit for LSX, MSX & HSX heating cable with a 4" junction box and DIN rail terminals.

PART NUMBER: H6JB-3

DESCRIPTION: Power Tee/Splice Connection Kit for LXR, MXR & HXR heating cables with a 6" junction box & DIN rail terminals.

PART NUMBER: PCX-81P/HXJB-1

DESCRIPTION: Power Connection Kit for HSX heating cables with a 4" junction box & DIN rail terminals.

PART NUMBER: PCX-HAZ

DESCRIPTION: Power Connection Kit for Division 1 certified junction box and seal fitting. The pipe stand-off and seal fitting combination provides a water resistant and explosion proof seal. The junction box has a 3/4" opening with top or side entry for the power connection.

PART NUMBER: ESX-HAZ

DESCRIPTION: End Seal Kit is a Division 1 certified junction box and seal fitting. This kit is designed for end of run sealing for self-regulating cable in Division 1 areas. The pipe stand-off and seal fitting combination provides a water resistant and explosion proof seal.
